Journeying Together: World Youth Day

Pope Francis addressed around 1 million young people at the World Youth Day in Lisbon this week. He spoke of the how, confronted with so many global concerns, young people can become disheartened and in need of a hope that healthy politics can help generate. He told them, 'World Youth Day revives our desire to accomplish something new and different, to put out into the deep and to set sail together towards the future.' This reminds me of the message of synodality as we 'set sail' together, using our skills and talents to bring renewal to a church in crisis.
