programme as we follow the synodal path. We are delighted that visitors from two local Church of Scotland parishes and their ministers have agreed to take part so please keep this date free so that as many of us as possible can be there to meet and greet our fellow Christians. If you have any family members, neighbours or friends, of another or no religion at all, please invite them along as well and make this a truly service of friendship and belonging as we prepare well to welcome Christ into our hearts this Christmas.

**Loss and Damage: a Call to Action**

At COP26 in Glasgow, one of the biggest disappointments was the failure to agree a fund for Loss and Damages. Countries which are most vulnerable to climate change and yet the least responsible, need financial support from industrialised countries who were, and continue to be, responsible for gas emissions. The world leaders should take responsibility for the damage caused by climate change especially affecting the smallest and most vulnerable countries. COP28 in the United Arab Emirates should not be mere talk but take decisive action to create a robust fund to aid those struggling with climate change that threatens their very existence. Let us pray that the hearts and consciences of all participants will be sensitive and open to the cries of the poor and weak let us entrust them to the intercession of St Andrew, our patron saint, on whose feast day COP28 will begin in Dubai.

**PSALM RESPONSE:**

***The Lord is my shepherd; there is nothing I shall want!***
