**June Eco Challenge: Recycling Glass!** Can we consciously consider each glass item before we send it to landfill? By dropping it into recycling bins we would be making such a difference - recycling ONE glass bottle saves enough energy to power a light bulb for 4 hours and glass can take a million years to break down! For those who don't have access to these glass recycling bins, perhaps you could bring your clean glass items to Church where there will be crates at the back to deposit these.

**Synodality: 'Conversations in the Spirit'**

Last Tuesday evening, Fr Johney, Fr Abraham Joseph and **21 parishioners** from both parishes took part in the first parish 'Conversation in the Spirit'. Some felt a bit anxious and unsure at the start but in the end, everyone agreed they had found the experience spiritually uplifting. **Our second conversation will take place this coming Tuesday 3 June at 7pm in St Ninian's Church Hall.** The question for discussion is:

**What word or phrase stands out for you in the following quote and what possibilities does it open up for our diocese?** 'Synodality involves gathering at all levels of the Church for mutual listening, dialogue, and communal discernment. It also involves reaching consensus as an expression of Christ rendering Himself present, He who is alive in the Spirit. Furthermore, it consists in reaching decisions according to differentiated co-responsibilities. '# 28 Final Document
